STATINTL 1. Headquarters [REDACTED] dated 30 August 1973,  
"Agency Assistance to U.S. Federal, State and Local Govern-  
ment Components", required all operating officials to report  
to their respective Deputy Directors, by 21 September 1973,  
all agreements, arrangements, and practices by their components  
whereby assistance or support was provided to any government  
unit (federal, state or local) or to any private organization  
known to be engaged in activities supporting any such unit.

STATINTL [REDACTED] was rescinded upon the issuance of [REDACTED] on 25 April 1974; however, it has been determined that the  
Office of Security never responded to the reporting require-  
ments of the former notice. STATINTL

STATINT 2. To establish the necessary data base of Office  
activities that would have fallen within the purview of  
[REDACTED] and to obviate the necessity of submitting each  
instance of current Office assistance to another governmental  
unit to the Inspector General for review on an item by item  
basis, the Plans, Programs Branch is developing a consolidated  
listing of all such Office activities for the Deputy Director  
for Management and Services.

3. It is requested that you review the activities under  
your jurisdiction and provide the Chief, Plans, Programs Branch  
with a detailed report of all administrative, financial, or  
logistical assistance, as well as operational and intelligence  
support currently being rendered to other government agencies  
or to private organizations providing services to such agencies.
